The Visions of Light Show is a juried photography exhibit of fine art.*

“Visions of Light - vision, interpretation and use of LIGHT • A Juried Photographic Exhibit”

The mission of Visions of Light Show [VOL] is to challenge photographers to go beyond producing a technically correct photographic image and demonstrate their use and/or control of light to help define the subject. The light can be natural or artificial; or a combination that enhances the impact, drama, emotion, and/or message of the image. The underlying theme is the vision, interpretation and use of LIGHT.
